

# *Bommarito*

**Audi**

## **West County**

The *Bommarito* name has long been respected in the St. Louis auto market, and now, *Bommarito* Automotive Group is proud to have added Bommarito Audi to its fine lineup.

Bommarito Audi is currently undergoing a \$1.2 million renovation with a new showroom and service drive which is expected to be completed in August.

The German-engineered Audi is a luxury automobile that offers a high level of quality at a price that often surprises first time buyers. Fun to drive, Audis are smooth, powerful cars with magnificent interiors and great reliability.

“Audi actually invented the Quattro, which is all-wheel drive, 28 years ago,” said Joe Wolk, *Bommarito* Audi sales manager.

Wolk has years of experience managing Infiniti, Buick, Mazda and GMC within the *Bommarito* Automotive Group and now is an Audi expert, too.

“The Audi has seen positive growth in a tough sales market,” Wolk said. “Its

sales in June went up nationwide 5.3 percent over June 2007.”

*Bommarito* offers a variety of models starting at \$24,995 with APRs right now available at 0.9 for 72 months. *Bommarito* Audi is committed to providing the highest levels of customer service through unsurpassed knowledge of the Audi vehicle. The dealership is staffed with Audi trained master technicians and Audi brand product specialists.

“We want customers to be 100 percent satisfied,” Wolk said. “We offer 1-year dent repair, paint and fabric protection, the best value guarantee and more – even a complimentary Audi loaner car when a customer’s car is being serviced at no additional cost. That’s the *Bommarito* Advantage.”
