

Imagine a flooring expert that comes to your home or business that has a complete line of flooring, both residential and commercial with a selection of carpet, vinyl, laminates, tile, ceramic, hardwood, and luxury vinyl tiles.

*Brewers Flooring* has just recently added this service to their existing family business of 26 years. Four years ago they moved into their new and expanded showroom located at the corner of Hwy 141 and Marshall Road across from Carol House Furniture in Valley Park.

When customers enter the Brewer showroom, they are first impressed with their selection, then greeted by not just sales people but members of the Brewer family who are design experts and realize the unlimited color and design capabilities of today's products. They will help with the decision, make it a pleasurable experience and turn customer dreams into reality.

They have a most impressive showroom with entry level products to the finest in

the industry with carpet from Mohawk, Shaw, Milliken, and more. Their hardwood floors are from Bruce, Mohawk, Mannington and more including all the exotic woods like Santos mahogany, amendoim, tigerwood, Tiete chestnut, teak and much more.

*Brewers Flooring* carries an extensive selection of ceramic for floors, walls, backsplashes, countertops, etc. with all the custom listellos and inserts. They also have luxury vinyl tile, the newest look in hardwood and ceramic.

Since 1982, *Brewers Flooring* has fulfilled the residential and commercial flooring needs of their St. Louis customers by installing their products using quality craftsmen who are second to none.

Visit their showroom or call.
